There are a variety of ways you could be involved with us because we do all kinds of things and are always looking for new ways to shake things up at the Library and in our community. So, if you are a mover and a shaker, there's probably something for you.

We do most of the traditional things associated with a public Library. We also accept passport applications, own & operate a full service specialty coffee shop (we even roast our own coffee), take fingerprints for FBI clearances, have a fledgling business center, and partner with several community organizations to meet systemic community needs.

What are the characteristics we are looking for?

- Strong work ethic
- Calm in the midst of chaos
- Sense of humor & capacity for fun
- Able to work alone & with a team
- Quality decision making skills
- Practices lifelong learning
- Friendly & welcoming
- Active listeners with good people skills
- Fastidiousness (and knowing what that means)
- Able to maintain confidential information
- Adaptable & forgiving
- Finishes what is started & keeps promises

Sometimes we work evenings and Saturdays. We're not perfect, we make mistakes and we keep getting better. We admit, the pay's not great and there are lots of challenges to overcome.

Sometimes we play together and eat ice cream. We really care about each other, step up to help when we can, and do our best. We set some really big goals, we try new things, and have lots of opportunities to learn.

When we succeed and achieve our goals - we & the community all benefit from our success.

If you are still reading, you may want to take the next steps to join our team.
