Elizabethtown - 2019 - Train Displays

www.etownpubliclibrary.org

Elizabethtown Public Library

The toy train display at Elizabethtown Public Library is constructed by a group of train enthusiasts each November and opens for showings through December. Designed to appeal to children (old and young) with its *50 interactive push buttons*, this display takes viewers back to times when toy trains and Christmas were strongly linked. The display can operate *up to 20 trains at once*, with brand new trains and original and reproduced trains dating back to the early 1900's. Train displays have a rich history in Elizabethtown, with the first dating back to the 1920's community displays upstairs at the Friendship Fire Co. In the 1970's and 1980's, train displays were a part of three local churches' Christmas Bazaars. The tradition has continued for many years at Elizabethtown Public Library! www.etaownpubliclibrary.org

 blue box on the center flap.

Masonic Village Model Railroad Club

The Masonic Villages & Elizabethtown Railroad Club, located in a dedicated building on the Elizabethtown campus, is a year round activity for the residents of The Villages and the greater Elizabethtown Community. In addition to special December shows, the Club holds open houses from 2PM to 4 PM on Saturday and Sunday of the first full weekend of the month from October through May. Summer months are spent doing maintenance and new construction on the layouts which precludes normal operations. Additional Open House events are held throughout the year. For more information on the Club, plus the schedule of Open Houses, please visit: www.mvemodellrrclub.com.
