

Elizabethtown Public Library is seeking change-makers.

Our world will never be the same as it was 60 days ago. We are seeking people who want to take on the challenge of making our post Covid-19 world better than our pre-Covid-19 world. We are seeking people to join our team of change-makers.

These are difficult days. Some analysts suggest that only 38% of small businesses will survive this crisis for more than 6 months. While the Library is a non-profit, we have fewer than 50 employees and are therefore, we are part of the small business category.

So, it's not going to be an easy task - making tomorrow better than yesterday. Will it be worth it? Absolutely.

Are you up for a challenge? Do you have what it takes to make tomorrow better than today? Would you like more information on joining the team?

If you are intrigued, please send us an email and let us know. In your email (or letter) tell us a little bit about how you think the community sees the Library. From that statement, what is one thing that the Library should do to make the community perception/expectation better? Make sure to tell us who you are including your skills and strengths and how you think they are relevant to the future of this organization.

Elizabethtown Public Library is the home of Elizabethtown Coffee Company and the Friends of Elizabethtown Public Library Bookstore and local artisan shop. We are a passport acceptance location and IdentoGo fingerprinting site.
